أَمْ is used in a questioning sentence. The 1st variable comes straight after the alif and the 2nd variable comes straight after the أَم. Look at the example below then translate the following sentences into Arabic and circle the variables.

Is the fridge door open or closed?

أَ مَفْتُوْحَةٌ بَابُ الثَّلاَجَةِ أَمْ مُغْلَقَةٌ؟

↓ 1st variable ↓ 2nd variable

1. Is this ruler new **or** old?
